

Module 1: Lesson 1

AI & Smart Technology Learning Pathway

Module 1: Technology Around Me

Lesson 1: What Is Technology?

Lesson Video: <https://youtu.be/bHDcP9ao4wk>

QUIZ

Question 1 of 3

What is technology?

- ☒ **A.** Something people make to help us do things
- ☐ **B.** Something we eat
- ☐ **C.** Something that grows on a tree

Correct answer: A

Feedback:

 **That's right! Technology is something people make to help us do things.**

Question 2 of 3

Which one is technology?

- ☐ **A.** A teddy bear
- ☒ **B.** A smartphone
- ☐ **C.** An apple

Correct answer: B

Feedback:

 **Great job! A smartphone is technology.**

Question 3 of 3

Which one is technology?

-  **A.** A light bulb
-  **B.** A ball
-  **C.** A banana

Correct answer: A

Feedback:

 **Yes! A light bulb is technology.**

Quiz Completion

After the third question:

 **Great Job, Future Builder!**

You completed your lesson quiz!

 **+10 XP**

The **10 XP is automatically added** to the child's Rewards page.

Content boundary

These three questions deliberately stay within the core lesson idea:

Technology is something people make to help us do things.

And the examples used—**smartphone and light bulb**—are things the child encountered in the lesson, so we're checking understanding rather than introducing new material.

Module 1: Lesson 2

AI & Smart Technology Learning Pathway

Module 1: Technology Around Me

Lesson 2: Smart Things Around Us

Lesson Video: <https://youtu.be/MlyT33sVKgc>

QUIZ

Question 1 of 3

What can some smart things do?

- ☒ A. Sense, respond, and help
- ☐ B. Grow on trees
- ☐ C. Become food

Correct answer: A

Feedback:

🎉 That's right! Some smart things can sense, respond, and help us.

Question 2 of 3

Which one is a smart thing?

- 💡 A. Smart light
- 🧸 B. Teddy bear
- 🥄 C. Spoon

Correct answer: A

Feedback:

★ Yes! A smart light is a smart thing.

Question 3 of 3

Which smart thing can listen and respond when we speak?

- 📱 A. Smart screen
- 🔊 B. Smart speaker
- 💡 C. Smart light

Correct answer: B

Feedback:

 **Great job! A smart speaker can listen and respond when we speak.**

Quiz Completion

After the child completes all 3 questions:

 **GREAT JOB, EXPLORER!**

You completed your quiz!

 **+10 XP**

The **+10 XP** is automatically added to the child's Rewards page.

QUIZ

Quiz Reward: +10 XP

Question 1

Which technology helps us see when it is dark? 💡

- A. A pillow
- B. A light
- C. A spoon

Correct answer: B. A light

Question 2

What can a fan help us do? 🌀

- A. Stay comfortable when it is hot
- B. Read a book
- C. Talk to someone far away

Correct answer: A. Stay comfortable when it is hot

Question 3

What can we use technology like a tablet or computer to do at home? 📱

- A. Learn new things
- B. Sleep on it
- C. Eat food

Correct answer: A. Learn new things

Quiz completion message

 **Great job, Future Explorer!**

You remembered how technology can help us at home!

 **+10 XP**

Module 1: Lesson 4

MODULE 1 CHALLENGE

3 Questions | Total Reward: +20 XP

Question 1

Which one is technology? 💡

- A. A television ✓
- B. A pillow
- C. A spoon

Correct answer: A. A television

Question 2

What can technology help us do at home? 🏠

- A. Learn new things ✓
- B. Eat a spoon
- C. Sleep on a fan

Correct answer: A. Learn new things

Question 3

How can technology help us at school? 🏫

- A. It can help teachers teach and children learn. ✓
- B. It can become our lunch.
- C. It can turn into a teddy bear.

Correct answer: A. It can help teachers teach and children learn.

Module Challenge Completion Message

 **Amazing, Future Explorer!**

You completed the **Technology Around Me Challenge!**

You discovered that technology is all around us — at home and at school — and that it can help us learn, communicate, and do many useful things.

 **+20 XP**

Module 1 Complete! 

Module 2 Lesson 1

AI & Smart Technology Learning Pathway

Module 2: Technology Around Me

Lesson 1: AI Can See

Lesson Video:

QUIZ

Quiz: 3 questions | Total Reward: +10 XP

Question 1

What do people use to see? 👁️👁️

- A. Their ears
- B. Their eyes ☒
- C. A microphone

Correct answer: B. Their eyes

Question 2

What can a camera do? 📷

- A. Capture a picture ☒
- B. Eat food
- C. Sing a song

Correct answer: A. Capture a picture

Question 3

What can some AI systems do with pictures? 🤖📷

- A. Recognize some things in the picture ☒
- B. Eat the picture
- C. Sleep inside the picture

Correct answer: A. Recognize some things in the picture

Quiz Completion Message

 **Great job, Future Explorer!**

You discovered how AI can work with pictures!

You learned that cameras can capture pictures and that some AI systems can process pictures and recognize things.

 **+10 XP**

Module 2 Lesson 2

AI & Smart Technology Learning Pathway

Module 2: Technology Around Me

Lesson 2: AI Can Talk

Lesson Video: <https://youtu.be/I9DkSDMDHGg>

QUIZ

Quiz: 3 questions | Total Reward: +10 XP

Question 1

What do people use to hear sounds? 🦻

- A. Their eyes
- B. Their ears ✓
- C. A camera

Correct answer: B. Their ears

Question 2

What can a microphone do? 🎤

- A. Capture sounds ✓
- B. Eat food
- C. Take a nap

Correct answer: A. Capture sounds

Question 3

What can some Artificial Intelligence systems do with sounds or spoken words? 🤖🗣️

- A. Recognize some words and respond ✓
- B. Turn into a person
- C. Eat the sounds

Correct answer: A. Recognize some words and respond

Quiz Completion Message

 **Great job, Future Explorer!**

You discovered how Artificial Intelligence can work with sounds!

You learned that microphones can capture sounds and that some Artificial Intelligence systems can recognize spoken words and respond.

Remember, Artificial Intelligence can make mistakes too!

 **+10 XP**

Module 2 Lesson 3

AI & Smart Technology Learning Pathway

Module 2: Technology Around Me

Lesson 3: AI Can Listen

Lesson Video: <https://youtu.be/Bmn0XBDXcy4>

QUIZ

Quiz: 3 questions | Total Reward: +10 XP

Question 1

What can some AI systems do after receiving spoken words? 

- A. Respond to people ☒
- B. Eat the words
- C. Turn into a toy

Correct answer: A. Respond to people

Question 2

What can a voice assistant do? 

- A. Respond when we speak to it ☒
- B. Sleep all day
- C. Eat food

Correct answer: A. Respond when we speak to it

Question 3

Can AI talk exactly like a person? 

- A. Yes, AI is a human
- B. No, AI uses technology to respond to people. ☒
- C. Yes, AI has a human mouth

Correct answer: B. No, AI uses technology to respond to people.

Quiz Completion Message

 **Great job, Future Explorer!**

You discovered how Artificial Intelligence can communicate with people!

You learned that some Artificial Intelligence systems can respond to spoken words and use technology to communicate.

 **+10 XP**

Module 2 Lesson 4

AI & Smart Technology Learning Pathway

Module 2: Technology Around Me

Lesson 4: AI Can Learn Patterns

Lesson Video: https://youtu.be/d24j_K4puCk

Module 2 Challenge

3 Questions | Total Reward: +20 XP

Question 1

What can some Artificial Intelligence systems work with? 🧐🎤

- A. Pictures and sounds ✓
- B. Food and toys
- C. Pillows and blankets

Correct answer: A. Pictures and sounds

Question 2

What can a microphone do? 🎤

- A. Capture sounds ✓
- B. Take pictures
- C. Turn into a person

Correct answer: A. Capture sounds

Question 3

What can some Artificial Intelligence systems do? 🤖

- A. Recognize some pictures, sounds, or spoken words and respond ✓
- B. Become a human
- C. Eat and sleep like a child

Correct answer: A. Recognize some pictures, sounds, or spoken words and respond

Module Challenge Completion Message

Amazing, Future Explorer!

You completed the **Artificial Intelligence Around Me Challenge!**

You discovered that some Artificial Intelligence systems can work with pictures, sounds, and spoken words.

You are becoming an amazing technology explorer!
